**GROWTH SPURS EXPANSION OF INTEGRATED MOBILE'S HEADQUARTERS
AND COLUMBUS SERVICE CENTER****— Company Leases Additional 2,500 Square Feet to Support Business Growth —**

Columbus, Ohio – August 10, 2006 – Integrated Mobile, Inc. ("the Company") said today that it was expanding its Columbus Ohio headquarters and local service center to support the Company's rapid growth.

"We've grown rapidly since the Company's founding in early 2004 and this additional space will allow us to better serve our clients' needs," said Jay Highley, President and CEO of Integrated Mobile. "We started the Company in 2004 with just two employees based in Central Ohio. Today, we employ 25 associates just in the Central Ohio region and have grown our team to nearly 50 associates throughout the United States. Moreover, on average, our revenue base has grown more than 50% quarter over quarter since our founding and we now serve over a quarter of the Fortune 1000 companies."

Highley added, "We continue to capitalize on our proven services solution to deliver complete visibility and control to business enterprise users of wireless devices and services, which has allowed us to consistently exceed our customers' expectations and enjoy exceptional growth. Our solution helps businesses reduce their total cost of wireless ownership by 20-40%, provides a single point of contact for all wireless services across multiple carriers, improves the overall quality of administrative and end user support — all while simplifying the management of wireless devices and services. As a result, we expect strong growth in the coming year and this expansion will allow us to stay ahead of customer requirements and deliver value-added services that contribute to our customers' success."

Integrated Mobile, headquartered in Columbus, OH, is a leading managed wireless services company that uses Six Sigma methodology to globally deliver a proven, end-to-end management solution for the enterprise's entire wireless lifecycle, including device fulfillment and configuration, training, asset management, bill optimization, reporting and 24/7 end-user support.
